1. On 5 January 1951 between 2 and 4 p.m., three biplanes were parked on the northern edge of the Weimar-Jest ("51/J 57") improvised airfield. * There was no flying. The weather was warm with a low cloud base. Five guns of about 37 mm were seen in four AA gun emplacements which were occupied on the southern edge of the field. There were eight soldiers in the vicinity of the gun emplacements. They wore red-bordered black epaulets. **

- * Comment. The occupation of the airfield has not changed as compared with the observation of December 1950.
- ** Comment. The presence of AA guns has been continually reported by other sources.
